Information

Common information

We are looking for Chief Risk Officer (CRO) to lead the development and implementation of a comprehensive risk management framework for crypto and digital assets business.

This is an opportunity to build risk infrastructure from the ground up, work at the intersection of finance, technology and digital assets, and play a critical role in building a secure, compliant and sustainable business

Qualification requirements

What We're Looking For

- Bachelor’s or Master’s degree in Finance, Risk Management, Economics, Law, or a related field
- Knowledge of Kyrgyz, Russian and English languages
- Proven risk management experience in crypto, fintech, financial institutions, investment firms, or exchanges
- Strong understanding of crypto market structure, AML/KYC, regulatory frameworks, capital and liquidity risk
- Experience working with regulators is highly preferred
- FRM, CFA, CAMS or similar certifications are an advantage
- Strong analytical and quantitative skills
- Deep understanding of crypto market dynamics
- Strategic mindset with strong decision-making skills
- Proven crisis management experience
- High ethical standards and integrity
- Excellent communication and reporting skills

Duties

What You’ll Do

- Develop and implement the company-wide risk management framework
- Define risk appetite, tolerance levels, and internal risk limits
- Monitor risk exposure across trading, custody, liquidity, and counterparties
- Manage volatility, leverage, liquidity, and exposure risks
- Establish margin requirements and liquidation policies
- Lead stress testing and scenario analysis
- Ensure robust risk controls across spot, margin, derivatives, and other products
- Ensure compliance with crypto regulations, AML/CFT requirements, and licensing obligations
- Lead regulatory and audit risk reporting
- Keep risk policies aligned with evolving regulatory requirements
- Identify vulnerabilities across trading systems and custody infrastructure
- Oversee incident response and business continuity planning

Conditions

- Official Employment
- Attractive salary
- International experience

About company

ROX Group — международная группа компаний с вьетнамскими корнями, активно развивающая масштабные инвестиционные проекты в Кыргызской Республике.

В Кыргызстане компания реализует стратегически важные инициативы в сфере девелопмента, энергетики и технологий. Среди ключевых проектов — строительство мегамасштабного жилого комплекса **Royal Central Park**, который задаёт новые стандарты городской среды и современного образа жизни в Бишкеке.

ROX Group также инвестирует в развитие возобновляемой энергетики — ведётся строительство солнечной электростанции на Иссык-Куле, направленной на поддержку устойчивого и экологичного будущего региона.

Дополнительно компания развивает IT-направление и реализовал проект реновации здания **Ай-Пери Салон**, создавая современное пространство для бизнеса и городской инфраструктуры.

Головной офис ROX Group в Кыргызстане расположен в бизнес-центре **ROX Centre** по адресу: пр. Чуй 158, Бишкек.

ROX Group — это долгосрочные инвестиции, международная экспертиза и вклад в устойчивое развитие страны.
